

## Australian Pastoral Property Innovation Forum

Save the date: 24 August 2009

Lazy River Estate, DUBBO NSW

Planning is under way for an Innovations Forum. The day will include short talks in the morning covering innovations related to:

- Water systems (Water Dynamics)
- Telemetry (remote monitoring; Observant Remote Management Systems);
- Fencing systems (Gallagher)
- New approaches to Succession (Mark Gardner, Vanguard) and
- Profitability/Finance (Rabobank)

Displays of innovative products and services will be available for inspection over lunch. In the afternoon we will hear first hand from landholders about their experiences of innovations in topics such as:

Regenerating perennials through Grazing Management, Direct Meat Marketing, Health, Pasture Cropping, Walk over weighing and family farming.

The Australian Pastoral Property Innovation Manual will be launched at this session.
